# H. RES. 162

Providing for enclosing the galleries of the House of Representatives with a transparent and substantial material.

### IN THE HOUSE OF REPRESENTATIVES

May 6, 1999

Mr. Burton of Indiana submitted the following resolution; which was referred to the Committee on House Administration

## **RESOLUTION**

Providing for enclosing the galleries of the House of Representatives with a transparent and substantial material.

1 Resolved,
2 SECTION 1. FINDINGS.
3 The Congress finds the following:
4 (1) The first bombing of the Capitol occurred
5 in the Senate Wing of the building in 1915 by a
6 man protesting United States involvement in World
7 War I.
8 (2) On March 1, 1954, 4 Puerto Rican nation-

alists armed with .38 caliber revolvers entered the

visitors' gallery and fired a total of 19 shots at the

- Members and staff while the House of Representatives was in session and conducting a vote. 5 members of Congress were struck by the gunfire.
  - (3) In 1971, a group named the Weather Underground planted an explosive device in a first-floor restroom on the Senate side of the Capitol to protest United States military involvement in the Vietnam War. The device detonated early in the morning when the building was closed, causing extensive damages but no injuries.
  - (4) In 1983, a man carrying an improvised explosive device strapped to his body entered the House gallery while the House was in session. He was able to construct the device in such a manner as to avoid detection during security screening. During a floor debate, the man attempted to detonate the device until United States Capitol Police officers restrained the man, removed him from the gallery, and secured the device.
  - (5) In 1983, a group named the Armed Resistance Unit planted an explosive device on the second floor of the Senate wing of the Capitol, outside the Senate Chamber. The group was protesting United States military involvement in Central America. The device detonated at 11:00 p.m. causing extensive

- damage to the area around the Chamber. At the time, the Senate recessed early and no one was in the area when the blast occurred.
  - (6) On July 24, 1998, a lone gunman entered the Document Door of the Capitol and immediately shot and killed the officer posted at that location. The gunman then exchanged gunfire with another officer before fleeing further into the building where he engaged in another gunfight in which a second officer was killed. The gunman was shot several times during this incident.
    - (7) The House and Senate visitors galleries are the frequent target of demonstrators. Whenever the House or Senate is debating a subject which is controversial or polarizing, it is not uncommon for disturbances to occur in the galleries in the form of civil disobedience.
  - (8) Since August 1996, the United States Capitol Police have arrested 3 persons in the House galleries and 15 persons in the Senate galleries for disrupting Congress.
  - (9) 7,000,000 to 10,000,000 tourists visit the Capitol complex annually.

- 1 (10) In 1997, the Capitol hosted more than 2 2,000 American and foreign dignitaries, and was the 3 site for nearly 300 scheduled demonstrations.
  - (11) In addition to lawmakers and their staff, a sizable number of journalists, lobbyists, and service personnel also work within the Capitol complex.
- 7 (12) These incidents and the amount of visitors 8 and personnel present in the Capitol have prompted 9 increases in the level of security afforded the Capitol 10 complex.

#### 11 SEC. 2. ENCLOSURE OF HOUSE GALLERY.

5

6

- 12 (a) In General.—The Architect of the Capitol shall
  13 enclose the galleries of the House of Representatives with
  14 a transparent and substantial material, and shall install
  15 equipment so that the proceedings on the floor of the
  16 House will be clearly audible in the galleries.
- 17 (b) AUTHORIZATION.—There shall be paid out of the 18 applicable accounts of the House of Representatives such 19 sums as may be reasonably necessary to carry out this 20 resolution.
